

## Digital supplementary material to

KNADEN, M., TINAUT, A., STÖKL, J., CERDÁ, X. & WEHNER, R. 2012: Molecular phylogeny of the desert ant genus *Cataglyphis* (Hymenoptera: Formicidae). – Myrmecological News 16: 123-132.

**Appendix:** List of the species used in this study.

*Cataglyphis abyssinica* (FOREL, 1904)  
*Cataglyphis aenescens* (NYLANDER, 1849)  
*Cataglyphis albicans* (ROGER, 1859)  
*Cataglyphis bellicosa* (KARAVAIEV, 1924)  
*Cataglyphis bicolor* (FABRICIUS, 1793)  
*Cataglyphis bombycina* (ROGER, 1859)  
*Cataglyphis cursor* (FONSCOLOMBE, 1846)  
*Cataglyphis diehlii* (FOREL, 1902)  
*Cataglyphis fortis* (FOREL, 1902)  
*Cataglyphis gaetula* SANTSCHI, 1929  
*Cataglyphis hispanica* (EMERY, 1906)  
*Cataglyphis humeya* TINAUT, 1991  
*Cataglyphis isis* (FOREL, 1913)  
*Cataglyphis longipedem* (EICHWALD, 1841)  
*Cataglyphis mauritanica* (EMERY, 1906)  
*Cataglyphis nigra* (ANDRÉ, 1881)  
*Cataglyphis noda* (BRULLÉ, 1833)  
*Cataglyphis pallida* MAYR, 1877  
*Cataglyphis savignyi* (DUFOUR, 1862)  
*Cataglyphis velox* SANTSCHI, 1929  
*Cataglyphis viatica* (FABRICIUS, 1787)  
*Cataglyphis viaticoides* (ANDRÉ, 1881)
